Dezz's Part

TW/CW: Mentions of CS3M/CS4M, SV!C!D3, and other topics that most people are usually uncomfortable with. Please read this with caution.

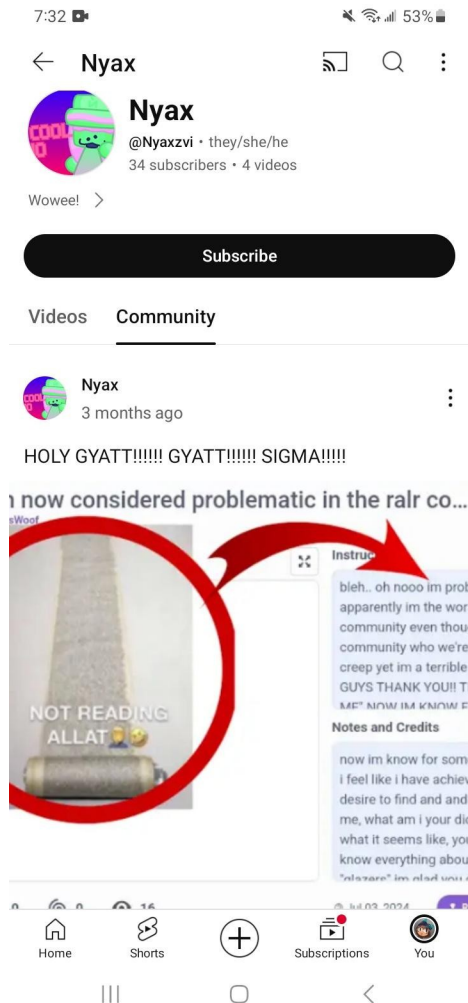

Hi, everyone. It's me, Dezzzmond. Today I'm going to be talking about and explaining the horrifying actions of this ONE very person.

This Dude(tte), Pih AKA Shykio AKA Nyazxvi or what ever tf her name is and idfk why she keeps changing it □□□□

In case you don't know why this person has been really problematic recently. So basically this person and his friends harassed arben (known as ch1ld1shgr4y, who's my friend/oomf) to the point of him DAMN NEAR COMMITTING SUICIDE! And that's

[illegible]

(heres fuller ver of the pic)

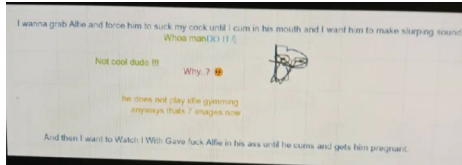

this therefore makes my point too that she clearly was harassing arben. Now if that doesn't make me any more worse, averagesun (someone that's been harassing me recently) works for her.

Now I'm currently grabbing more proof through twitter as time goes on. If y'all have any screenshots of proof of what she did, dm me on Twitter (D_Wade_DRS101) to send me them.

update 10/24/2024

Jesus fucking christ what is wrong with these people!?

one of her friends claimed in a whiteboardfox that they wanted to f arben. (he went by Alfie at this time, he was also still 13, almost forgot to mention.) black text is one of Pih's friends, the green text is Pih, and the other colored texts are unknown people. The thing is that Pih took all of this shit as a joke, which is NOT something that you should be doing when a kid is getting gr00med.

yikes this is literally so fucking awful what is with the people in this fandom wanting to s3xually harass children?!?!?! man I really fucking hate people like this I tell you that ☹️

Update 10/29/2024
ALSO CW NSFW!!!

This is a wbf drawing someone (probably one of her other friends) made of her and Arben's old OC, alfie. (reminder that alfie is 7 years old, and Pih is around 13-14 years old, which technically means this counts as CP)

She also didn't take the allegations of her drama seriously at all (btw this actual evidence on her scratch account) and had ABSOLUTELY no sympathy for what arben was going through.

shykio. you cannot be
fucking serious rn.

TheDumbCone221

@Shykio I'm being serious, i need a genuine answer. are they true?

Shykio

@TheDumbCone221 I honestly don't know what you're talking about some "allegations", are you referring to what the other person above linked? Because I don't believe those are serious enough to be considered allegations
